Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 29 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunny spells and becoming warm on Wednesday.

This Evening and Tonight:
Showers in the west easing, otherwise a largely cloudy evening with a few outbreaks of showery rain towards the east. A mild and mostly dry night, often cloudy though some clear spells mainly in the north. Minimum temperature 10 deg C (50 deg F).

Wednesday:
A dry start with sunny spells towards the west and cloudier conditions in the east. Into the afternoon, sunny spells occur widely with isolated showers in the west. Feeling warm. Maximum temperature 24 deg C (75 deg F).

Outlook for Thursday to Saturday:
Sunny spells on Thursday and Friday with the risk of an afternoon shower. Turning cloudy into Saturday with outbreaks of showery rain at times heavy, followed by isolated showers.
